

The Hi-Touch: Peace of mind PoS

A fully integrated PoS system

All-in-One Touch PoS

The Hi-Touch, peace of mind PoS for Retail and Hospitality

Suitable for retail and hospitality, the Ultra Low Voltage, energy efficient operation of the Hi-Touch is ideal for the environmentally aware business. Its compact size and variety of available peripherals delivers a fully flexible system which can be optimized to suit your needs.

Technology is an essential ingredient for effective operations in retail and hospitality. In these demanding and cost conscious environments, it is essential that POS technology supports staff and serves customers through a combination of hardened design and performance specs.

Both ergonomic and environmentally conscious, this small footprint system is ideal for the most demanding customer service environments. The bright 15" screen has a IP43 rating to prevent water seepage into the unit which is an important consideration for the hospitality sector. It also utilizes a chipset and CPU which offer cost savings from low power usage. The system can also incorporate a customer facing screen for in-store promotion, information or advertising touch points.

Peace of mind PoS

Green Technology

We are committed to creating greener, more energy efficient products. The Hi-Touch;

- Provides retailers with an opportunity to reduce their carbon footprint
- Allows retailers to benefit from dramatically reduced energy bills
- High quality at an affordable price

In an effort to provide more sustainable technology, DigiPoS uses hard drives and motherboards with guaranteed life spans. This enables the retailer to upgrade and maintain their PoS systems for years to come without compromising their stores' integrity.

Features

- Dedicated powered port for a receipt printer
- Sealed external power supply increases reliability
- The Ultra Low Voltage design delivers power savings
- Compact size increases counter space
- The screen complies with IP43 standard
- Two year warranty

Options

- Cable cover
- MSR
- Smart Card Reader
- Fingerprint Recognition System
- Pole Display
- Cash Drawer Controller
- Secondary LCD Display for in-store advertising & promotions
- Powered USB outputs available
- Microsoft WEPOS / XP Pro Embedded
- Compact Flash

Peripheral Options

Epson TM-T88iv Thermal Printer

The TM-T88IV POS thermal printer is the latest addition to Epson's innovative, industry-leading TM-T88 POS printer series. Designed specifically for high-volume retail and hospitality environments, the TM-T88IV delivers more speed and more reliability than ever before. It offers 25% faster printing of text and graphics than the TM-T88III, two-color capability, new ease-of-use features and both wired and wireless interfaces.

Pin Pad and Data Capture

DigiPoS partners with many vendors to provide payment terminals and data capture devices which are best suited for Retail and Hospitality, keeping in mind small footprint and wireless capabilities are key to supporting a rugged all-in-one system.

EC-410/460 Cash Drawer

The DigiPoS EC series of rugged cash drawers have removable inserts with 8 coin / 5 note spaces. The drawers measure 16.1" x 16.3"x 4.3" for smaller environments, and 18" x 18.375" x 4" for larger requirements (W x D x H) .

Service Options

Services include and extend to:

- Advanced replacement program available
- System burn-in and gold-disking

The Hi-Touch

Specifications

Model	Hi-Touch: Part No. DN000961
CPU Support	VIA C7 2GHz (Low RPM fan)
System Core Logic	NB: VIA CN700 SB: VIA VT-8237R+
System RAM	1 GB DDR2 533 MHz – 200 Pin SODIMM
Graphics	VIA S3 AGP up to 64MB
HDD	3.5" 80 GB SATA
Compact Flash	Compact Flash Card Socket (Type I / II) (OPTIONAL)
LCD Size	15in TFT Panel with LVDS Interface
Touch Screen	15in LCD Resistive Touch Panel
Brightness	250 cd/m ²
Resolution	1024 x 768 Max
Display	VIA Dual-view Built-in AGP 8X Shared Memory up to 64MB
Serial Port	6 total. 1 dedicated to Touch, 4 x conventional DB-9, 1 x RJ45 for Customer Display
USB Port	5 total 1 x 12V power USB, 1 x 24V power USB, 2 rear accessible, 1 front accessible
PS/2 Port	1 x combined keyboard & mouse port
LAN Port	Realtek RTL-8100CL Ethernet Port on board (10/100 Base-T)
Audio Port	Line Out
Cash Drawer Port	RJ12 Socket
DC Output for Peripherals	1 x 24V Hosiden connector, 1 x 12V barrel connector
Power Supply	DC 24V / 5A External Power Adapter (120W)
Safety	UL / CUL / FCC / CE / VCCI
Dimensions	13.75" (W) x 13.375" (H) x 12.625" (D) (350mm x 340mm x 320mm)
Op Temp	0-40 Degrees C
